

April 25, 2008

Executive Committee

The Executive Committee generated numerous amendments for the board meeting held at the beginning of April. The Committee is re-examining the amendment concerning districts in good standing and clubs-at-large. We are working on dividing amendments to create educational pieces to help the members understand the thought process behind them as well as their impact. The Committee is doing their best to put together a multimedia educational piece. At our upcoming meeting we will be looking at our directives to make appropriate adjustments, and finalize our plans for the year.

Marketing and Kiwanis Family Relations Committee

The MKFR committee held two meetings in March. Many of the directives set by the committee have been on stand still because they are waiting for the unveiling of the new website. The committee has teamed up with the Membership Development and Benefits Committee to work on the creating of a March of Dimes Activity Workbook. The committee is working well together as a team and we are happy to be that way.

Membership Development and Benefits Committee

The Membership Development and Benefits Committee has been chipping away at our directives for the year. They are continuing to publish, theBUZZ, and will have a new issue out shortly for the months of April and May. MD&B has created a brand new guide highlighting the Circle K International New Member Orientation Program and Spring 2008 Resources. The committee is very excited to promote the brand new internship opportunity for AV at International Convention as well as the brand new Facebook Network named "Circle K Club Chartering Network" which has been quite successful. For now the committee will continue to accept suggestions for corporate sponsorship and will be researching a district Key Club Recruitment program, performing updates on the www.cksixcents.org Web-site, and developing new and innovative ways to serve the membership.

Service Committee

Three thousand (3,000) Six Cents pins were ordered and some were distributed at the Governors and District Administrators Training Conference. The Large Scale Service Project (LSSP) Committee has chosen a project which has been approved by the International Board. Fliers were sent by the LSSP Committee promoting the project. A blood drive has been planned for August 6,

2008 at the International Convention Hotel. All plans are in place for the blood drive and online registration will be up shortly. The Service Committee met at GATC, where a presentation was made to the governors explaining what the committee has been doing and future plans. The convention theme for the service fair was decided on and the theme will be Gold Rush. Lastly plans have been made to revamp the committee and create new directives.

All International Committees welcome ideas, comments, questions and concerns from all members of CKI. Please do not hesitate to contact any international board member. For more information about specific committees, please contact the respective committee chair.
