Executive Committee

This past month the Executive Committee has been meeting to examine and explore various amendments. Topics researched includes: club dues, club fees, district requirements, requirements to run for International office, International Convention delegates, and more. Amendments are for both the CKI Bylaws and the Policy Code. We're excited to see positive changes for the International organization. Although no amendments are set in stone yet, if someone is interested in proposing an idea, feel free to email Amanda at badali.CKI@gmail.com. The Executive Committee is working hard to have the amendments available as early as possible, while also making sure they are researched, well thought-out, and fiscally responsible as well.

Marketing and Kiwanis Family Relations Committee

The MKFR committee has been working hard on Six Cents Initiative and Kiwanis One Day materials. Currently we have produced a new Six Cents PowerPoint, a more black and white/printer friendly Six Cents brochure, as well as a list of example fundraisers. MKFR has also produced a Kiwanis One Day flyer with Circle K flair! All of these materials will be sent over the reflectors in the next few days, so check your inboxes for some great and helpful information! Also, MKFR is working on the completion of a new "Key to the Future" presentation, as well as updated PR manual. The MKFR committee is currently looking for any pictures that districts would like to share to add into this manual.

Membership Development and Benefits Committee

The MD&B Committee has been working very hard to complete our directives. Some of the recently completed directives including finishing on the second issue of theBUZZ and finishing black and white templates for graphic standards pieces. We will be looking at the CKI awards system, corporate sponsorship opportunities, and membership educational pieces in the future.

Service Committee

The Six Cents Initiative fundraising pins have been ordered and should be sent out to districts soon. Although they will not be out in time for district conventions, districts will receive them afterwards. Information on Service in a Box as well as Kiwanis One Day has been posted on box.net-as the files were too large to send across the reflectors- clubs have be placed on box.net to access them. The Large Scale Service Project Committee encountered some difficulties regarding the project site, but we are working on having them solved.

Educational pieces have been sent out to district and clubs namely Community Service and Awareness week and the Tomorrow Fund (this is to be used at district conventions to educate members about the fund.

A survey has been sent out to Governors to find out about the reporting of clubs service hours.

All International Committees welcome ideas, comments, questions and concerns from all members of CKI. Please do not hesitate to contact any international board member. For more information about specific committees, please contact the respective committee chair.
