Executive Committee

The executive committee spent the last meetings looking at the budget, proposing ideas to initiate a club fee, and reexamining the election process for International Board members. In result, we have added two more directives to our current sheet: including the appointment of an International Board Liaison and the creation of a CKI Finance Task Force. We're looking forward to making CKI a fiscally sound and responsible organization - and are taking great steps to get there. We have also divided up all past directives into specific tasks and deadlines to help us create a timeline for completion. It does look like we may have time towards the end of the year to take on more than anticipated.

Marketing and Kiwanis Family Relations Committee

Representative Stephanie Wieland was recently appointed chair of this committee. The committee held their first meeting where they divided up the directives among the committee members. The meeting was very productive and the committee has great potential. Next month, the committee is confident they will have much more to report back on.

Membership Development and Benefits Committee

MDB is off to a fantastic start. Members have been assigned to their Directives Teams and will be meeting with me shortly to bash out Action Steps to accomplish all aspects of directives. We will also be starting the Membership Benefit of the month and will continue to take suggestions on how to better CKI. In addition, member Eric Hotchkiss is updating the standard form for club bylaws.

Service Committee

The International Service Committee is moving along in fulfilling many directives that develop new programs. Members of the committee are working on various things from designing the six cents logo, developing service in a box program for non-traditional schools, service partner ambassador program, and the monthly service project of the month recognition program. We are hoping that these initiatives will be completed by year's end so that we may tackle more service-related issues and programs under the jurisdiction of this committee. Please contact me if you have specific questions on our 16 directives.

All International Committees welcome ideas, comments, questions and concerns from all members of CKI. Please do not hesitate to contact any international board member. For more information about specific committees, please contact the respective committee chair.
