

What does “Club Status” mean?

MARCH 26TH, 2009

Greetings CKI!

Clubs have recently been asking many questions about what their club status means on the Club Information Listing sent out every week from Circle K International. There are four club statuses based on dues (**See list of the statuses to the right.**)

There are three basic rules to the logic problem of club status and they are:

- 1.) A club can move from “Suspended” to “Retained” with any payment.
- 2.) A club can remain on “Retained” status indefinitely so long as any payment is made annually.
- 3.) A club can reactive its status (move from inactive to active) by paying dues for the minimum, submitting a corresponding roster, and paying a \$100 reactivation fee.

All this means is that clubs only need to go through the hassle of “rechartering,” or, in this case, “activatization” if not a single person pays dues all year long. Even if this were the case for a club, they would only need to pay a \$100 reactivation fee (along with dues for the minimum number of members) to get back on track.

It is important to know only clubs that are of “Active” status may seat delegates at annual District and International Conventions, apply for scholarships, register for CKI Conferences, and more. Lastly, all candidates for District and International office must be from clubs in “Active” standing.

Visit www.circlek.org for more information regarding dues and status.
